SECURE

Module 1: Deploying Cisco IOS Software Network Foundation Protection Lesson

Module 2: Deploying Cisco IOS Software Threat Control and Containment

Module 3: Deploying Cisco IOS Software Site-to-Site Transmission Security

Module 4: Deploying Secure Remote Access with Cisco IOS Software

FIREWALL

Introduction to the Cisco ASA Adaptive Security Appliance

Deployment of Cisco ASA Adaptive Security Appliance Access Control Features

Deployment of Cisco ASA Adaptive Security Appliance Virtualization and High-Availability Features

Appendix A: Configuring Routing on the Cisco ASA Adaptive Security Appliance

VPN

Evaluate the Cisco ASA adaptive security appliance VPN subsystem

Deploy Cisco ASA adaptive security appliance IPsec VPN solutions

Deploy Cisco ASA adaptive security appliance Cisco AnyConnect remote access VPN solutions

Deploy Cisco ASA adaptive security appliance clientless remote access VPN solutions

Deploy advanced Cisco ASA adaptive security appliance VPN

IPS

Introduction to Intrusion Prevention and Detection, Cisco IPS Software, and Supporting Devices

Installing and Maintaining Cisco IPS Sensors

Applying Cisco IPS Security Policies

Adapting Traffic Analysis and Response to the Environment

Managing and Analyzing Events

Deploying Virtualization, High Availability, and High Performance Solutions

Configuring and Maintaining Specific Cisco IPS Hardware
